

Reward Box

For engaging with the game, players are rewarded with multiple opportunities for receiving a box that can potentially contain very valuable commodities to help their survival.

The exact content and amount of the rewards depends on which reward box it is, but they are all free to open and generally contain multiple items. Some of these remain the only way to obtain certain exclusive items.

Bounty Box

Bounty Boxes are a reward from completing an infected bounty. They have four slots for items.

Raid Haul

Raid Haul boxes are reward for completing the Raid on Union Island with at least 50 points. They come in three qualities, depending on how many points the player has earned.

Reward Box

Reward Boxes are awarded to players who have participated in a completed Monthly Task. They contain three slots for items, with at least one of them being fuel.

War Box

War Boxes are awarded to players who have finished an Alliance War with at least 300 war points. They come in three tiers depending on how many points the player has earned.
